

TSODILO RESOURCES LIMITED MANAGEMENT INFORMATION CIRCULAR

VOTING INFORMATION

Solicitation of Proxies

This management information circular (the "Circular") is furnished in connection with the solicitation of proxies being made by the management of Tsodilo Resources Limited ("Tsodilo" or the "Company") for use at the Annual meeting of the Company's shareholders to be held on Friday, March 21, 2014 at the time and place and for the purposes set forth in the accompanying notice of meeting or at any adjournment thereof (the "Meeting"). Management's solicitation of proxies will primarily be by mail and may be supplemented by telephone or other means of communication and will be made, without special compensation, by directors, officers and employees of the Company. The cost of solicitation by management will be borne by the Company. The Company may retain other persons or companies to solicit proxies on behalf of management of the Company, in which event customary fees for such services will be paid.

It is anticipated that this Circular, together with the accompanying notice of meeting and form of proxy, will first be mailed to shareholders of the Company on or about February 25, 2014.

Unless otherwise indicated, all monetary amounts referred to herein are stated in United States currency.

Appointment of Proxyholder

The persons named in the enclosed form of proxy are directors and/or officers of the Company (the "Management Proxyholders"). A registered shareholder has the right to appoint a person or company other than one of the Management Proxyholders (who need not be a shareholder) to represent the registered shareholder at the Meeting by striking out the printed names and clearly inserting that other person's name in the blank space provided.

The instrument appointing a proxyholder must be signed in writing by the registered shareholder, or such shareholder's attorney authorized in writing. If the registered shareholder is a corporation, the instrument appointing a proxyholder must be in writing signed by an officer or attorney of the corporation duly authorized by resolution of the directors of such corporation, which resolution must accompany such instrument. **An instrument of proxy will only be valid if it is duly completed, signed, dated and received at the office of the Company's registrar and transfer agent, Computershare Investor Services Inc., Attention: Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1 by 5:00 p.m. (Toronto, Ontario time) on Wednesday, March 19, 2014 (or not less than 48 hours, excluding Saturdays, Sundays and holidays before any adjournments of the Meeting at which the proxy is to be used), or deposited with the Secretary of the Company or the Chairman of the Meeting prior to the commencement of the Meeting.**

If you have any questions about the procedures to be followed to vote at the Meeting or about obtaining, completing and depositing the required form of proxy, you should contact Computershare Investor Services Inc. by telephone (toll free) at 1-800-564-6253 or by e-mail at service@computershare.com.

Voting of Proxies

Common shares of the Company represented by properly executed proxies in the accompanying form will be voted or withheld from voting on each respective matter in accordance with the instructions of the registered shareholder on any ballot that may be called for and, if the shareholder specifies a choice with respect to any

matter to be acted upon at the Meeting, the shares represented by such proxy will be voted accordingly. If no choice is specified, the person designated by management in the accompanying form of proxy will vote **FOR** all matters proposed by management at the Meeting.

Exercise of Discretion by Proxies

The persons named by management in the enclosed form of proxy will vote the shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. In the absence of such direction, such shares will be voted FOR each of the matters identified in the form of proxy.

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the accompanying notice of meeting and with respect to other matters which may properly come before the Meeting. At the time of printing this Circular, management knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters, which are not now known to management, should properly come before the Meeting, the shares will be voted on such matters in accordance with the best judgment of the named proxyholders.

Voting by Beneficial (Non-registered) Shareholders

The information in this section is important to many shareholders as a substantial number of shareholders do not hold their shares in their own name.

Shareholders who hold common shares of the Company through their brokers, intermediaries, trustees, or other nominees (such shareholders being collectively called "**Beneficial Shareholders**") should note that only proxies deposited by shareholders whose names appear on the share register of the Company may be recognized and acted upon at the Meeting. If common shares are shown on an account statement provided to a Beneficial Shareholder by a broker, then in almost all cases the name of such Beneficial Shareholder will not appear on the share register of the Company. Such shares will most likely be registered in the name of the broker or an agent of the broker. In Canada, the vast majority of such shares will be registered in the name of "CDS & Co.", the registration name of The Canadian Depository for Securities Limited, which acts as a nominee for many brokerage firms. Such shares can only be voted by brokers, agents, or nominees and can only be voted by them in accordance with instructions received from Beneficial Shareholders. As a result, Beneficial Shareholders should carefully review the voting and instructions provided by their broker, agent or nominee with this Proxy Circular and ensure that they direct the voting of their shares in accordance with those instructions.

Applicable regulatory policies require brokers and intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Each broker or intermediary has its own mailing procedures and provides its own return instructions to clients. The purpose of the form of proxy or voting instruction form provided to a Beneficial Shareholder by such shareholder's broker, agent or nominee is limited to instructing the registered holder on how to vote such shares on behalf of the Beneficial Shareholder. Most brokers in Canada now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically prepares voting instruction forms, mails those forms to Beneficial Shareholders and asks those Beneficial Shareholders to return the forms to Broadridge or follow specific telephone or other voting procedures. Broadridge then tabulates the results of all instructions received by it and provides appropriate instructions respecting the voting of such shares at the Meeting. **A Beneficial Shareholder receiving a voting instruction form from Broadridge cannot use that form to vote their shares at the Meeting. Instead, the voting instruction form must be returned to Broadridge or the alternate voting procedures must be completed well in advance of the Meeting in order to ensure that such shares are voted.**

Beneficial Shareholders should follow the instruction on the forms that they receive and contact their intermediaries promptly if they need assistance.

Revocation of Proxy

A registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing, including a proxy bearing a later date, executed by the registered shareholder or by his or her attorney authorized in writing or, if the registered shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or with the Secretary of the Company or the chairman of the Meeting prior to the commencement of the Meeting. Only registered shareholders have the right to revoke a proxy. **Beneficial Shareholders who wish to change their vote must arrange for their respective intermediaries to revoke the proxy on their behalf.**

Record Date

Registered shareholders of record as at the close of business on February 14, 2014 (the "**Record Date**") are entitled to attend and vote at the Meeting. Shareholders who wish to be represented by proxy at the Meeting must, to entitle the person appointed by the Proxy to attend and vote, deliver their Proxies at the place and within the time set forth in the notes to the Proxy. In accordance with the provisions of the *Business Corporations Act* (Yukon), the Company will prepare a list of holders of common shares as of the Record Date. Each holder of common shares named in the list will be entitled to vote the common shares shown opposite his or her name on the list at the Meeting, except to the extent that (a) the shareholder has transferred any of his or her shares after the Record Date, and (b) the transferee of those shares produces properly endorsed share certificates or otherwise establishes that he or she owns such shares, and demands, not later than ten days prior to the Meeting, that his or her name be included in the list of persons entitled to vote at the Meeting, in which case the transferee shall be entitled to vote his or her shares at the Meeting.

INTERESTS OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as disclosed herein, to the knowledge of the directors and officers of the Company, no person who has been a director or executive officer of the Company at any time since the beginning of the Company's last fiscal year, or any proposed nominee of management of the Company for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership or otherwise, in matters to be acted upon at the Meeting other than the election of directors or the appointment of auditors, except that directors and executive officers of the Company are eligible to receive stock options pursuant to the Stock Option Plan (as hereinafter defined), amendments to which will be sought at the Meeting.

Dr. Michiel C. J. de Wit was a director of Diamond Core Resources (Pty) Ltd ("**Diamond Core**") at the time Diamond Core was the subject of a final liquidation order by the Northern Cape High Court in South Africa in July 2009. At that time, Diamond Core was a wholly-owned subsidiary of the Delrand Resources Limited ("Delrand"). Delrand has since disposed of all of its shares of Diamond Core. On September 27, 2010, the Northern Cape High Court in South Africa issued an order setting aside the liquidation proceedings. As a result, Diamond Core reverted to the status quo ante.

An application to liquidate Diamond Core Technical Services (Pty) Ltd, which is a subsidiary of Diamond Core, was also made during 2009. At the time of this application, Delrand still held all of the shares of Diamond Core and Dr. de Wit was a director of Diamond Core Technical Services (Pty) Ltd. The application to liquidate Diamond Core Technical Services (Pty) Ltd was subsequently withdrawn.

Unless authority to vote is withheld, the shares represented by the proxies hereby solicited will be voted by the Management Proxyholders named therein FOR the election of each of the nominees whose names are set forth above.

3. Appointment and Remuneration of Auditors

The auditors of the Company are Ernst and Young LLP ("**E&Y**"), Chartered Accountants of Vancouver, British Columbia, who were first appointed auditors of the Company on January 29, 2009. Management proposes that E&Y be re-appointed as auditors of the Company for the ensuing year and that the board of directors of the Company (the "**Board**") be authorized to fix their remuneration. See "Audit Committee Disclosure" for information on the external auditor service fees for the financial year ended December 31, 2013.

Unless authority to vote is withheld, the shares represented by the proxies hereby solicited will be voted by the Management Proxyholders named therein FOR the re-appointment of E&Y as the auditors of the Company for the ensuing year and to authorize the board of directors of the Company to fix the remuneration of the auditors.

STATEMENT OF EXECUTIVE COMPENSATION

Introduction

In the following pages we describe:

- ◇ The Company policies and practices with respect to the compensation of senior managers.
- ◇ The role and structure of the Compensation Committee (“**CCOM**”).
- ◇ The detailed disclosure of the remuneration of the Chief Executive Officer, (CEO), the Chief Financial Officer (CFO) and the Chief Operating Officer (COO) (collectively, the “**Named Executive Officers**” or “**NEOs**”) and the directors of the Company.

Overview of Compensation Philosophy

The Company’s aim is to provide market competitive remuneration to attract, retain and motivate the talent required to allow the Company to achieve its potential. The total reward package is designed to remunerate on the basis of an individual’s personal effectiveness in their role and thereby link their performance to the Company’s where possible. An underlying principle of the reward package is that good performance will be recognized, and poor performance will not be tolerated or rewarded.

Executive packages are determined on a Total Employment Cost (“**TEC**”) basis and include an appropriate balance of base salary, benefits and at risk remuneration (in the form of short-term incentive and long-term incentive). They are set in the context of the relevant industrial and geographic norms that the Company operates within and at a level which will make the organization competitive in its chosen exploration, mining and mineral exploration markets.

2013 Approach

The current approach is generally as follows:

- ◇ Balanced across the short, medium and longer term
- ◇ Market competitive
- ◇ Base pay is broadly targeted at a median level
- ◇ Longer- term reward (share option grants), provides the opportunity to build ownership in the business and increase personal wealth in the medium term in line with the opportunities for success afforded to the shareholders

Recruiting and Retention

Tsodilo’s management team has strengthened considerably over the last couple of years. We are satisfied with our ability to attract and retain high caliber individuals capable of working within, and contributing to the management team.

Aligning Management and Shareholders

The Company seeks to align management with shareholders’ interests as follows:

- ◇ The short-term incentive plan incorporates ‘pay-for-performance’ into the annual cash remuneration.
- ◇ The long-term incentive plan represents a potentially significant portion of an executive’s total remuneration and provides a longer-term focused reward that is subject to the same external market conditions as shareholders.

Compensation Committee “CCOM” Mandate

- ◇ Recommending to the Board the annual salary, bonus and other benefits, direct and indirect, of the CEO
- ◇ Approving the compensation for the Company’s other executive officers, after considering the recommendations of the CEO
- ◇ Approving other human resources and compensation policies and guidelines within their remit
- ◇ Ensuring management compensation is competitive to enable the Company to continue to attract individuals of the highest caliber.

The CCOM is composed of three independent directors, Messrs. McGinley (Chairman), Cushing and Kelafant. For a description of skills and experience relevant to the responsibilities of the members of CCOM in executive compensation, and which enable CCOM to make decisions on the suitability of the Company’s compensation policies and practices, please see the section “Audit Committee Disclosure – Relevant Education and Experience”.

Towards the end of each fiscal year (or as appropriate) the CCOM reviews the performance of the executive officers. CCOM considers a variety of factors when determining compensation policies and individual compensation levels, including:

- ◇ The long-term interests of the Company and its shareholders
- ◇ The performance of the Company
- ◇ Each officer’s personal effectiveness in his or her role
- ◇ Each officer’s contractual terms
- ◇ External market conditions and movements

The CEO’s compensation is assessed taking into account similar factors.

Elements of Compensation

- ◇ Base salary
- ◇ Short-term incentive (cash award)
- ◇ Long-term incentive (stock option grants)
- ◇ Retirement benefits
- ◇ Other executive benefits

However, employees whose position, responsibilities and duties extend to the Company’s subsidiaries in Botswana do qualify for severance benefits consistent with the scheme set forth in the Republic of Botswana, Department of Labor’s - Employment Act. Employees working outside Botswana earn severance benefits in a similar fashion. Severance is calculated as 1 day per month for the initial five years of employment and 2 days per month for time after five years of service. The severance is due at termination of employment or may be paid at the request of the employee at the completion of each five year period of employment. Benefits are calculated using the employee’s most recent rate of pay at time of payment.

Employment Contracts

Effective May 1, 2010, the Company entered into Employment Agreements with James M. Bruchs as Chairman and Chief Executive Officer and with Dr. C.J. de Wit as President and COO, for an indefinite term for an initial salary of \$195,000 per year and the granting of 100,000 stock options per year commencing as of May 4, 2010 and thereafter on each subsequent January 1 at an exercise price equal to 100% of the fair market value of the common stock on the close of business on the day before the first business day in January. The options shall have a term of five years from the date of grant and shall be subject to the usual terms and conditions of options issued pursuant to and in accordance with the Stock Option Plan.

Dr. de Wit's employment contract was amended effective April 1, 2012, modifying the amount of time that Dr. de Wit may spend on non-company activities to 50%. The amendment also reduced the option grant for President and COO to 50,000 options per year and set aside the provision that Dr. de Wit's and Mr. Bruchs' salary be comparable with one another in all respects. Effective June 1, 2013, the amount of time that Dr. de Wit's spent on the Company's affairs were increased by agreement to a minimum of one hundred forty-four (144) hours per month.

During the term of their employment, Mr. Bruchs and Dr. de Wit shall be entitled to participate in such vacation, auto allowance, benefit plans, fringe benefits, life insurance, medical and dental plans (beginning on the first day of employment), retirement plans and other programs as are offered from time to time by the Company.

Dr. de Wit shall be entitled to a 1.5% net royalty interest on all precious stone – diamond properties which he presents to the Company and are subsequently licensed by the Company. For the royalty to be effective, the property must be such that it is currently not licensed to the Company or has been previously licensed to the Company. In 2012, Prospecting License PL 0195/2012 was awarded to Gcwihaba Resources (PTY) Ltd. and qualifies Dr. de Wit for the royalty interest.

Dr. Bojes does not have an employment agreement in place with the Company and receives no monetary compensation for serving as CFO, but is eligible to receive and has received incentive stock options pursuant to the Company's Stock Option Plan, in remuneration of his services.

Risks Associated with the Company's Compensation Policies and Practices

In light of the current stage of development and the limited elements of executive compensation, at this time neither the Board nor its committees have formally assessed the implications of the risks associated with the Company's policies and practices.

The Board has not, as yet, adopted a policy restricting its NEOs or directors from purchasing instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, which are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by NEOs or directors.

The following table contains information about the compensation earned by the Company's NEOs, for the financial years ended December 31, 2013, December 31, 2012, and December 31, 2011 as required pursuant to Canadian securities laws. The Company's Stock Option Plan, described below, is the only equity-based compensation plan under which equity securities of the Company are authorized for issuance.

The Company's Stock Option Plan

The Stock Option Plan is currently the only equity-based compensation arrangement pursuant to which securities may be issued from treasury of the Company. The major features of the Stock Option Plan can be summarized as follows:

- The Board, or a committee or individual appointed for such purposes, may from time to time grant to directors, officers, eligible employees of, or consultants to, the Company or its subsidiaries, options to acquire common shares in such numbers, for such terms and at such exercise prices as may be determined by the Board or designated committee or person. The purpose of the Stock Option Plan is to advance the interests of the Company by providing eligible personnel with a financial incentive for the continued improvement of the Company's performance and encouragement to stay with the Company.
- The number of common shares of the company reserved for issuance under the Stock Option Plan is currently equal to 5,629,830. Any common shares subject to a share option which for any reason is cancelled or terminated without having been exercised will again be available for grant under the Stock

Option Plan. The maximum number of common shares that may be reserved for issuance to insiders of the Company under the Stock Option Plan and under any other share compensation arrangement is limited to 5% of the common shares outstanding at the time of grant (on a non-diluted basis).

- The Board has the authority under the Stock Option Plan to establish the option price at the time each share option is granted. The option price may not be lower than the market price, for example, the closing price of the common share as traded on the Exchange on the last trading day preceding the date on which the option is approved by the Board. The options vest equally on a quarterly basis over a period of 18 months from initial grant.

Options granted under the Stock Option Plan must be exercised no later than five (5) years after the date of grant or as otherwise determined by the Board and are not transferable other than by will or the laws of descent and distribution. An Option, and all rights to purchase pursuant thereto, shall expire and terminate immediately upon the optionee ceasing to be an employee or director of the company or any subsidiary. If, before the expiry of an Option in accordance with the terms thereof, the employment / directorship of the Optionee with the Company or with any subsidiary shall terminate, in either case by reason of the death of the Optionee, such Option may, subject to the terms thereof and any other terms of the Plan, be exercised by the legal representative(s) of the estate of the Optionee at any time during the first six months following the death of the Optionee (but prior to the expiry of the Option in accordance with the terms thereof) but only to the extent that the Optionee was entitled to exercise such Option at the date of the termination of his employment / directorship.

The Company provides no financial assistance to facilitate the purchase of common shares by eligible personnel who hold options granted under the Stock Option Plan.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

To the knowledge of the directors and officers of the Company, no director or executive officer of the Company, nor any person or company that is itself an informed person or subsidiary of the Company, nor any person or company who beneficially owns, directly or indirectly, voting securities of the Company or who exercises control or direction over voting securities of the Company or a combination of both carrying more than 10% of the voting rights attached to all outstanding voting securities of the Company, nor any proposed nominee for election as a director of the Company, and no associate or affiliate of the foregoing persons, has or has had any material interest, direct or indirect, in any transaction since the beginning of the Company's last completed financial year or in any proposed transaction which, in either such case has materially affected or will materially affect the Company or any of its subsidiaries.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Introduction

This statement of corporate governance practices is made with reference to National Policy 58-201, Corporate Governance Guidelines and National Instrument 58-101, Disclosure of Corporate Governance Practices (hereinafter collectively the “**Governance Guidelines**”) which are initiatives of the Canadian Securities Administrators (“**CSA**”).

The Corporate Governance Committee has closely monitored the various changes and proposed changes in the regulatory environment and, where applicable, amended its governance practices to align with these changes that are currently in effect.

In accordance with the Governance Guidelines, the Company has disclosed its system of corporate governance in this Circular. The following text sets forth the steps taken by the Company in order to comply with the Governance Guidelines and its system of corporate governance now in force.

Board Governance

The Board has adopted a mandate which acknowledges its responsibility for the overall stewardship of the conduct of the business of the Company and the activities of management. Management is responsible for the day-to-day conduct of the business of the Company. The Board’s fundamental objectives are to enhance and preserve long-term shareholder value, and to ensure the Company meets its obligations on an ongoing basis and that the Company operates in a reliable and safe manner. In performing its functions, the Board considers the legitimate interests that its other stakeholders, such as employees, customers and communities, may have in the Company. In overseeing the conduct of the business, the Board, through the Chief Executive Officer, sets the standards of conduct for the Company.

The Board operates by delegating certain of its authorities to management and by reserving certain powers to itself. The Board retains the responsibility for managing its own affairs including selecting its Chairman, nominating candidates for election to the Board and constituting committees of the Board. Subject to the Articles and By-Laws of the Company and applicable law, the Board may constitute, seek the advice of and delegate powers, duties and responsibilities to committees of the Board.

To assist the Board in its responsibilities, the Board has established three standing committees: the Audit Committee, the CCOM and the Corporate Governance Committee. Each committee has a written mandate and reviews its mandate annually.

Composition of the Board

The Board and its committees participate in all decision making processes in the management of the Company and has adopted the following statement of corporate governance practices.

Responsibilities

The Board acknowledges its responsibility for the stewardship of the Company, and specifically for:

- (i) Adoption of a strategic planning process

The Board provides input and guidance on and reviews and approves the strategic planning and business objectives developed by senior management of the Company and oversees management’s implementation of the strategic plan.

(ii) Identification of principal risks, and implementing risk-management systems

The Board considers on an ongoing basis the principal risks of the Company's business in the diamond mining industry, particularly having regard to sensitivity to diamond prices, political risks given the location of the Company's operations, environmental and operational risks, based on regular business reports prepared by the Company's senior management. In addition, the Audit Committee by its review of the activities and findings of the Company's external auditors is aware of the principal risks to the Company's businesses and reports thereon to the Board on a regular basis.

(iii) Succession planning and monitoring senior management

The Board is responsible for the assessment of the performance of, and the development of a succession plan for, the Chief Executive Officer of the Company, who is in turn charged with those same responsibilities for the balance of the Company's senior management team.

(iv) Communications policy

The Board is committed to maintaining an effective communications policy for the benefit of all shareholders. In addition to its timely and continuous disclosure obligations under applicable law, the Company ensures that senior management is available to respond to questions and comments from shareholders. With the approval of the Board, management has a designee of the Company, as the principal individual responsible for receiving shareholder inquiries and dealing with shareholders' concerns. Such designee is available to respond to shareholder questions and comments, and endeavours to respond promptly and appropriately to all requests and/or inquiries. If material business issues result from communications between shareholders and senior management, it is the policy of the Company that such matters be reported to the Board.

(v) Integrity of internal control and management information system

The Audit Committee reviews with management and the Company's external auditors the ongoing sufficiency and integrity of the Company's internal control, financial reporting and management information systems.

The Board has considered the relationship and status of each director. As of the date hereof, the Board currently consists of 7 directors of which 4 are independent. Messrs. Bruington, Cushing, Kelafant and McGinley do not have any material business relationships with the Company and are therefore considered independent under the Governance Guidelines and otherwise independent under the National Instrument 52-110, Audit Committees (NI52-110) for the purpose of sitting on the Company's Audit Committee. Mr. Bruchs, Drs. de Wit and Hitzman are not independent in that all three individuals provided services to the Company for remuneration or compensation in 2013.

The jurisdiction of the Chairman of the Board includes reviewing the performance of the Board and each of its committees and recruitment and nomination of new directors to the Board. Further, the Company believes that the nature of the relationships of its related directors would not adversely affect their independence or ability to act in the best interest of the Company.

The Chairman of the Board annually reviews the membership and chairs of the Board committees, as well as the mandates and activities of each committee, and makes such recommendations to the Board arising out of such review, as he deems appropriate. The Company believes that the Board members are qualified as directors and represent the various disciplines necessary for the proper governance of the Company.

The following table discloses other directorships held by each of the directors standing for election in other reporting issuers (or equivalent in foreign jurisdictions):

Director	Public Company Board Membership

Ethical Business Conduct

The Board has adopted a formal written Code of Conduct and a Corporate Disclosure Policy (collectively referred to as “**Codes of Conduct**”) for its directors, officers and employees.

Individuals governed by the Codes of Conduct are required to disclose in writing all business, commercial or financial interests or activities which might reasonably be regarded as creating an actual or potential conflict with their duties. Individuals must avoid all situations in which their personal interests conflict or might conflict with their duties to the Company or with the economic interest of the Company.

Directors, officers and employees are encouraged to report violation of the Codes of Conduct on a confidential and, if preferred, anonymous basis, in accordance with the complaints procedure set out in the Codes of Conduct or the Company’s whistleblower “Speakout” procedures. The Corporate Governance Committee may request special treatment for any complaint, including the involvement of the Company’s external auditors or outside counsel or other advisors. All complaints are required to be in writing by the person(s) designated to investigate the complaint, who shall report forthwith to their supervisor or the Chair of the Corporate Governance Committee. The Company has also established a fraud reporting and investigation “Speakout” policy to encourage employees, officers and directors to raise concerns regarding questionable accounting, internal controls, auditing or other fraudulent matters, on a confidential basis free from discrimination, retaliation or harassment.

Board Committees other than the Audit Committee

Other than the Audit Committee, the Board has established two standing committees; namely, the Compensation Committee, and the Corporate Governance Committee.

The Compensation Committee consists of 3 directors, all of whom are independent within the meaning of the Governance Guidelines. The Compensation Committee currently includes: Messrs. Patrick C. McGinley (Chairman), David J. Cushing and Jonathan R. Kelafant.

- ◇ to ensure that the Company has in place programs to attract and develop management of the highest

caliber and a process to provide for the orderly succession of management; and

- ◇ to review and approve corporate goals and objectives relevant to the compensation of the Chief Executive Officer and, in light of those goals and objectives, to recommend to the Board the annual salary, bonus and other benefits, direct and indirect, of the Chief Executive Officer and to approve compensation for all other designated officers of the Company, after considering the recommendations of the Chief Executive Officer, all within the human resources and compensation policies and guidelines approved by the Board.

The Corporate Governance Committee (the “CGC”) consists of 3 directors, of which all are independent within the meaning of the Governance Guidelines. The CGC currently consists of Mr. Thomas S. Bruington (Chairman), and Messrs. David J. Cushing and Patrick C. McGinley.

The principal purposes of the CGC is to provide a focus on corporate governance that will enhance corporate performance, and to ensure on behalf of the Board and shareholders that the Company’s corporate governance system is effective in the discharge of its obligations to the Company’s stakeholders. The duties and responsibilities of the CGC include, without limitation, the following:

- ◇ to develop and monitor the Company’s overall approach to corporate governance issues and, subject to approval by the Board, to implement and administer a system of corporate governance which reflects superior standards of corporate governance practices;

Board Committee Appointments

The Board appoints the members of the committees for the ensuing year at its organizational meeting held in conjunction with each annual general meeting of the shareholders of the Company. The Board may at any time remove or replace any member of a committee and may fill any vacancy in a committee.

Orientation and Continuing Education

The Company currently has an informal orientation program for new members of the Board. The Board regularly invites senior operating management to attend at Board meetings to report on their respective business unit activities, and Board meetings are periodically organized to include tours of the Company’s facilities which permit the Board to participate in a detailed first hand review of the Company’s activities. In addition, there are periodic events organized by the Company where the Board can interact with senior management.

Nomination of Directors

The Board is largely responsible for identifying new candidates for nomination to the Board. The process by which candidates are identified is through recommendations presented to the Board, which establishes and discusses qualifications based on corporate law and regulatory requirements as well as education and experience related to

the business of the Company.

Compensation

It is the responsibility of the Compensation Committee to determine the level of compensation in respect of the Company's senior executives with a view to providing such executives with a competitive compensation package having regard to performance. The Compensation Committee reviews and recommends the compensation of the Chief Executive Officer of the Company on a regular basis, at least once a year. The Compensation Committee also reviews the recommendations submitted by the Chief Executive Officer with respect to the compensation of other senior officers of the Company.

In establishing compensation for executive officers, the Compensation Committee takes into consideration individual performance, responsibilities, length of service and levels of compensation provided by industry competitors. Such compensation is composed primarily of three components; namely, base salary, the granting of stock options and the awarding of performance bonuses. The Compensation Committee recommends guidelines for the Stock Option Plan and, in consultation with the Chief Executive Officer, reviews the options granted to the Company's executives and board members. Performance bonuses are considered from time to time having regard to the Company's objectives. No definitive and pre-determined bonus arrangement was entered into in the preceding fiscal year.

Assessments

The Board and its individual directors are assessed on an informal basis continually as to their effectiveness and contribution. The Chairman of the Board encourages discussion amongst the members of the Board as to evaluation of the effectiveness of the Board as a whole and of each individual director. All directors are free to make suggestions for improvement of the practice of the Board at any time and are encouraged to do so.
