Good afternoon PS.

We met Director of Mines with his team today at noon.

1. MMGE has engaged Gcwihaba Resources (Pty) Ltd since 2008 and post 2014 when OD was declared a World Heritage Site.

2. Mining is not allowed within the core area. Prospecting may be allowed in the buffer area but may be subjected to stringent conditions so that it does not legitimate danger to the Integrity and authenticity of the core area.

3. All the licenses within the core zone were relinquished

4. License PLO 20/2018 that is being contested by Gcwihaba Resources has not been renewed since it expired in 2021

A formal report is being compiled with DEA in consultation with Mines.
